

# 2013-2014 NYC\*BUG Logo Style Guide and Source Graphics

Make stuff- stickers, hats, t-shirts, etc.... but if you want to use it in context with any other project, logo, conference, service, or otherwise, ask us for permission, please: [nycbsdcon@nycbug.org](mailto:nycbsdcon@nycbug.org).

This logo may not be used to endorse any products, services, or otherwise without written consent of the NYC\*BUG admins, please.

## Style Guide on logo use:

- Logo shall have small border of empty space around it at all time
- Logo colors this year (2013) are Red and Black, to keep continuity to old "brand", with our new logo, (if we ever had one to begin with)

Feel free to go nuts with the colors- NYC\*BUG belongs to all of us, why not a blue or pink logo?

This file can be opened using Illustrator (Adobe), Inkscape (free).
